## Education

**Indian Institute of Information Technology, Kancheepuram**  
B.Tech. in CSE with Major in AI

Aug 2023 – 2027  
CGPA: 8.94

**Jawahar Vidya Mandir, Shyamali**  
Higher Secondary Education

July 2020 – May 2022  
Percentage: 87.6%

## Experience

**Web Developer Intern**

Technical Affairs, IIITDM  
June 2024-2025

- Engineered a user-friendly interface for the college fest website, which reduced page load time by 30% and improved navigation, leading to increased user retention and a 25% growth in online registrations.
- Designed and implemented responsive UI components using Next.js and other modern web technologies.

## Projects

**Wanderlust**

[Website-link](#) 

- Developed a full-stack accommodation booking platform with features like property listings, user authentication, and responsive design using REST APIs, Express.js, and Passport.js.
- Integrated MongoDB for database management, Cloudinary for image storage, Multer for file uploads, Leaflet.js with OpenCage for dynamic mapping, and Joi for validation. Utilized EJS for templating, Bootstrap for UI, and managed sessions with Express Session and cookies.
- Tools/Technologies Used: Bootstrap, JavaScript, Node.js, MongoDB, Express.js

**Weather App**

[github-repo](#) 

- Designed a weather application using Weather API to provide near-accurate weather data with dynamic and reusable UI components.
- Tools Used: React.js, CSS, Material UI

## Achievements

- Qualified JEE Mains and JEE Advanced

## Skills
